In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

Those completing this test satisfactorily will next be subjected to a strict medical examination, in which particular stress will be laid on good vision and hearing; when, if passed as fit for the work of the Forest Department, they will be interviewed by a Selection Board appointed by the Government of India.

8. Candidates will not be entitled to any travelling allowance for journeys to appear before local Governments, or Political Officers or Agents, or for journeys to and from the local centres referred to in paragraph 6; but those summoned to appear at Dehra Dun for the physical test, medical examination and interview will be reimbursed, by the President, Forest Research Institute and College, Dehra Dun, before the candidates leave Dehra Dun to return to their homes, the cost of a second class ticket [by rail or (and) by sea] to and from Dehra Dun from the nearest railway stations or ports to their homes. Candidates must make their own arrangements for board and lodging at Dehra Dun, but the President, Forest Research Institute and College, will endeavour to assist those who communicate with him on this subject.

9. Those finally selected as a result of the examinations, tests and interview prescribed in paragraphs 6 and 7 will be appointed as probationers for the Indian Forest Service; they will be required to leave for England early in September and subject to their undergoing satisfactorily, as described below, a course in Forestry and allied subjects in England, will be appointed finally as Assistant Conservators of Forests. Candidates selected for training will be provided with first class passages to England.

10. *Period of probation.*—Before appointment to the Imperial Forest Service a probationer will be required:—

(1) to have undergone and qualified in, to an extent to the prescribed by His Majesty's Secretary of State for India, the course of Forestry at such University as the Secretary of State may prescribe;

(2) to have undergone a special course of instruction in Foresty under the direction and supervision of the Director of Indian Forest Studies;

(3) to have passed an examination in forest engineering and, if required, in certain other special subjects, namely Systematic Botany of Indian trees, Indian Geology, Forest Law and Indian Working Plans;

(4) to have undergone a final competitive examination in Forestry;

(5) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The period of probation is, in ordinary cases, two years. The Director of Indian Forest Studies instructs probationers in each case as to the order and manner in which they should fulfil these various requirements.

11. *Charges.*—Probationers will be required to defray all expenses of lodging, board, tuition and excursions to forest centres in the United Kingdom while at the University and on practical instruction.

12. *Allowances.*—The Secretary of State for India in Council makes payment to each probationer at the rate of £200* per annum, not exceeding a total of £400. These payments are ordinarily made on the following dates in each year:—

	£
On 1st December	60
On 1st March	60
On 1st June	80

The cases of probationers whose probation does not extend over the full period of two years will be specially considered.

For tours made on the Continent under the instructions of the Director of Forest Studies subsistence and travelling allowance will be paid by the Secretary of State for India in Council at such rates as he may from time to time fix. The fees of the local forest officials at the centres visited will also be paid by the Secretary of State.

*This allowance is unlikely to be sufficient to meet all the needs of a probationer, who should be in a position to provide himself with at least another £150 per annum from other sources.

The grant of allowances is subject to the following conditions :—

(*a*) that the progress of the probationer in his studies is satisfactory ;

(*b*) that the probationer gives security* to refund the payments in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 15 or failing to join the Indian Forest Service at the end of the period of probation.

13. *Conduct.*—Every probationer is required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he is liable to have his name removed from the list of probationers.

14. *Appointment and seniority.*—Probationers who comply with the requirements of paragraph 10 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, are appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. No probationer will be confirmed as a member of the Imperial Forest Service who fails to profit by the course of training, or who appears, in the light of the experience acquired as to his capacity and qualifications during the probationary period, to be unsuited for the work of a forest officer.

The position of the Assistant Conservators in the Provincial Forest Lists is determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies. It is possible that officers promoted from the Provincial to the Imperial Service will take rank according to their pay in the latter service. In this case probationers recruited under these regulations must be prepared to find their names placed below those of officers promoted from the Provincial Service.

Probationers are allowed at the end of the period of probation to state their preference in respect to the province to which they desire to be allotted; but the distribution is made to the several provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council and no guarantee can be given that probationers will on appointment, be posted to their own provinces. Indians will not, however, be required to serve in Burma and Burmans will not be required to serve in India.

Officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India.

15. *Articles of Agreement.*—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

16. *Passage to India.*—Each probationer on appointment to the Indian Forest Service is provided with a free first class passage to India.

17. *Salary.*—The scale of pay and allowances in force for officers of Indian domicile is given in Appendix II to these Regulations.

18. *Promotion, Leave and Pension.*—Promotion, leave and pension are governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subjet to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service will be found in Appendix II, and a summary of information regarding leave and pensions is contained in Appendix III.

APPENDICES.

Appendix I—Final Examination.

1. With a view to the allocation of the annual Currie Scholarship for Indian Forest Students (value about £35), and to facilitate the allotment of probationers to the several provinces in accordance with paragraph 14 of the Regulations as to appointments in the Indian Forest Service, probationers who have completed their prescribed course of training are required to undergo a competitive final examination in Forestry.

2. A list of the probationers in order of merit is prepared by adding together (*a*) the marks obtained at the final examination, and (*b*) the marks obtained during the course of practical training in forestry, under the control of the Director of Indian Forest Studies. The maximum of marks obtainable under (*a*) is the same as under (*b*).

3. The final examination consists of an oral examination and three or more papers, as follows :—

(*i*) One or more papers in Silviculture, Forest Protection (including Forest Botany and Forest Entomology), and Forest Untilization (including Forest Engineering)

(*ii*) One or more papers in Forest Management, Forest Mensuration, Forest Valuation, and Forest Administration.

(*iii*) A paper in General Forestry (Practical) dealing with the work done and with the forests visited during the course of practical training.

4. Probationers are not required to pay any fee for the examination.

* Probationers will be required to give security to the local Government or Political Officer through whom they submitted their applications. If this condition is not satisfied they will not be permitted to leave for England.

FROM—V. LOUGH, ESQ., B.SC., A.R.C.SC., CONTROLLER OF PATENTS AND DESIGNS,

TO—THE SECRETARY, BOARD OF INDUSTRIES AND MUNITIONS.

I have the honour to submit, for the information of the Government of India, the Annual Report of the Patent Office during the calendar year 1919.

2. The office at 1, Council House Street, Calcutta, was in charge of Mr. H. G. Graves, until the 27th November when he proceeded on long leave preparatory to retirement after just over 15 years' service. Since that date the office has been in my charge. The staff consists of a Superintendent, Deputy Superintendent and 5 Assistants, with 3 Duftries, 4 Peons and 1 Farash.

3. The business of the office has been remarkably affected by the Armistice, the work received during the year exceeding the highest pre-war activity by more than 30 per cent. Proceedings in respect of applications from enemy subjects interrupted in consequence of the prohibition of the 7th December 1918 were resumed under the license dated 4th October 1919. The powers conferred by the Indian Patents and Designs (Temporary Rules) Act and Rules, 1915, have been increasingly used for extending the times for filing documents, paying fees and restoring Patents under circumstances arising from the war. Three licences under this Act were in force at the end of the year and royalties amounting to Rs. 5,520-7-3 were received bringing the total in hand to Rs. 11,832-1-3. Legislation in connection with this and other matters under the various Peace Treaties is under consideration.

4. One thousand and thirty-nine applications for Patents and 884 applications to register designs were made in 1919 as compared with 644 and 1,411 respectively in 1918. Figures for previous years will be found in the appended tables. Of the 1,039 applications 726 came from abroad and 313 originated in India, 113 being by inventors bearing Indian names. The subject-matter of these inventions ranged over many fields, but particular attention has been devoted in India to the devising of water-lifts, waste-preventing water taps and thief-proof fastenings for doors and axle-boxes of railway wagons.

5. Altogether, 2,973 patents were in force on 31st December 1919. These include 2,478 patents out of 3,775 sealed on 5,143 applications under the Indian Patents and Designs Act, 1911, together with 40 of the 148 patents converted under section 81 of that Act. The balance, 455, consists of exclusive privileges remaining under the Inventions and Designs Act, 1888. Renewal fees, with or without additional fees for late payment, were paid on 1,333 cases during the year and the cessation of 325 exclusive privileges and patents were notified.

6. Two applications for the extension of the patent term were received during the year, one of these was granted but the other is pending. Eighty-three applications for extension of the term of copyright in designs were allowed. Thirty-one patents, which had been allowed to lapse, were restored under the provisions made for that purpose. Six applications including one pending from last year to amend specifications were considered during the year; four were allowed with or without modification, and two are pending. Entries of assignments, licenses, etc., were made on the Register of Patents in 38 cases. Five oppositions were entered to the grant of patents during the year. A written statement was not filed in one case and the opposition was withdrawn in another. Patents have been sealed on both these cases. In two cases the opposition was partly successful and the specifications have been amended. One case is still pending. No appeal was made against any of these decisions.

7. Specifications as soon as they are printed are distributed to 25 centres scattered throughout India (see appended list). Sets are also sent to the Patent Offices, London and Washington. They may be consulted together with other publications of this office, free of charge, and copies are on sale at a uniform price of eight annas each. Nearly 4,400 specifications of inventions are in this way available and the number increases year by year. Copies of the specifications received from the United Kingdom Patent Office are also open to public inspection at the Patent Office, 1, Council House Street, Calcutta, the Record Office, Bombay, and the Connemara Library, Madras.

8. A second edition of the Patent Office Handbook (price one rupee) containing the Acts and Rules and also instructions for the guidance of applicants and others was issued in August and a supplement was added in November. Sales of this and other publications including the consolidated and annual indexes and printed specifications, amounted to Rs. 2,400 as compared with Rs. 900 last year.

9. The income of the office including fees and sales increased from Rs. 95,166-8 in 1918 to Rs. 1,29,672-6 in 1919. The expenditure on salaries, allowances, printing, etc., amounted to Rs. 47,156-9. In spite of its increased volume the work of the office has progressed satisfactorily and has been kept up to date during the year by the loyal efforts of the small staff. 11,600 letters were despatched from the office. The weekly notifications in the *Gazette of India* and the annual and quarterly numbers of the "Patent Office Journal" have been issued as in previous years.

10. In conjunction with the Commercial Intelligence Department a technical library has been formed and is housed in the same building. Certain technical periodicals received in this office are now handed over to the library for the benefit of inventors and others.

11. By an order issued by the Government of Burma on the 5th September the Indian Patents and Designs Act, 1911, has been extended to the Shan States subject to certain modifications.

12. The usual tables are appended.
